Hello Michael,

I am reviewing the plans for the Seasons building G, 125 Lake Ridge Circle, for the Summit County Engineering Department. The civil plans created by Alpine Engineering sheets C1.0 – C7.1 all have a note stating 'preliminary plan – not for construction'. Can you please submit the final plans stamped by a Professional Engineer. I can continue my review once the plans are submitted directly to the building department.

Please let me know if you have any questions.

Thank you,

Saul Saenz
